CONTENTS

No. 1 (AUGUST 1998)

Microbiological and epidemiological investigation of cholera epidemic in Ukraine during 1994 and 1995
Clark, C. G., Kravez, A. N., Alekseenko, V. V., Krendelev, Yu. D. and Johnson, W. M. 1

Investigation of the 1994–95 Ukrainian *Vibrio cholere* epidemic using molecular methods
Clark, C. G., Kravetz, A. N., Dendy, C., Wang, G., Tyler, K. D. and Johnson, W. M. 15

Epidemiology and properties of heat-stable enterotoxin-producing *Escherichia coli* serotype O169:H41
Nishikawa, Y., Helander, A., Ogasawara, J., Moyer, N. P., Hanaoka, M., Hase A. and Yasukawa, A. 31

Shigella infections among children in Andaman – an archipelago of tropical islands in Bay of Bengal
Ghosh, A. R. and Sehgal, S. C. 43

Laboratory investigation and comparison of *Salmonella* Bradenburg cases in New Zealand
Wright, J. M., Brett, M. and Bennett, J. 49

Reduction of campylobacter infections in broiler flocks by application of hygiene measures
Van de Giessen, A. W., Tilburg, J. J. H. C., Ritmeester, W. S. and Van der Plas, J. 57

The prevalence of *Vibrio* spp. in drinking water and environmental samples in Vellor, South India
Thomson, C. J., Jesudason, M. V., Balaji, V., Malathi, B., Mukundan, U. and Amyes, S. G. B. 67

M genotyping and DNA fingerprinting of *Streptococcus pyogenes* isolates from an area of central Italy
Mencarelli, M., Corbisiero, R., Marzocchi, B., Gistri, A., Signori, R., Rossolini, A. and Cellesi, C. 77

Dynamics of the meningococcal carrier state and characteristics of the carrier strains: a longitudinal study within three cohorts of military recruits
Andersen, J., Berthelsen, L., Bech Jensen, B. and Lind, I. 85

Molecular variation of meningococcal serotype 4 antigen genes
Urwin, R., Feavers, I. M., Jones, D. M., Maiden, M. C. J. and Fox, A. J. 95

Transmission risk of *Borrelia burgdorferi* sensu lato from *Ixodes ricinus* ticks to humans in southwest Germany
Maiwald, M., Oehme, R., March, O., Petney, T. N., Kimmig, P., Naser, K., Zappe, H. A., Hassler, D. and von Knebel Doeberitz, M. 103

Outbreaks of waterborne infectious intestinal disease in England and Wales, 1992–5
Furtado, C., Adak, G. K., Stuart, J. M., Wall, P. G., Evans, H. S. and Casemore, D. P. 109

Seasonal trends of viral respiratory tract infections in the tropics
Chew, F. T., Doraisingham, S., Ling, A. E., Kumarasinghe, G. and Lee, B. W. 121

Estimating influenza-related hospitalization in the Netherlands
Baltussen, R. M. P. M., Reinders, A., Sprenger, M. J. W., Postma, M. J., Jager, J. C., Ament, A. J. H. A. and Leidl, R. M. 129

Surveillance of small round structured virus (SRSV) infection in England and Wales, 1990–5
Dedman, D., Laurichesse, H., Caul, E. O. and Wall, P. G. 139

The 1993 dengue 2 epidemic in Charters Towers, North Queensland: clinical features and public health impact
McBride, W. J. H., Mullner, H., LaBrooy, J. T. and Wronski, I. 151

Implementation and evaluation of a measles/rubella vaccination campaign in a campus university in the UK following an outbreak of rubella
Stevenson, J., Murdoch, G., Riley, A., Duncan, B., McWhirter, M. and Christie, P. 157

Indirect methods for estimating prevalent HIV infections: adults in England and Wales at the end of 1993
Hughes, G., Porter, K. and Gill, O. N. 165

Risk factors for cervical presence of human papillomavirus DNA among women at risk for HIV infection
Rezza, G., Giuliani, M., Serraino, D., Branca, M., Benedetto, A., Garbuglia, A., Ippolito, G. and Franceschi, S. for the Dianaids Collaborative Study Group 173

HBV and HCV infections among non-European Union immigrants in North-East Italy
Chiaramonte, M., Pupo, A., Menegon, T., Baldo, V., Malatesta, R. and Trivello, R. 179

Hepatitis B outbreak at Glenochil prison during January to June 1993
Hutchinson, S. J., Goldberg, D. J., Gore, S. M., Cameron, S., McGregor, J., McMenamin, J. and McGavigan, J. 185
Absence of relationship between *Schistosoma japonicum* and hepatitis B virus infection in the Dongting lake region, China
Ye, X.-P., Fu, Y.-L., Anderson, R. M. and Nokes, D. J. 193
Seasonality and factors associated with cryptosporidiosis among individuals with HIV infection
Sorvillo, F., Beall, G., Turner, P. A., Beer, V. L., Kovacs, A. A., Kraus, P., Masters, D. and Kerndt, P. R. 197
Comparisons of ELISA and Western blot assays for detection of *Cryptosporidium* antibody
Frost, F. J., de la Cruz, A. A., Moss, D. M., Curry, M. and Calderon, R. L. 205
A two-year follow-up survey of antibody *Cryptosporidium* in Jackson County, Oregon following an outbreak of waterborne disease
Frost, F. J., Calderon, R. L., Muller, T. B., Curry, M., Rodman, J. S., Moss, D. M. and de la Cruz, A. A. 213
***Serpulina pilosicoli*, waterbirds and water: potential sources of infection for humans and other animals**
Oxberry, S. L., Trott, D. J. and Hampson, D. J. 219
At-risk individuals in Feline Immunodeficiency Virus epidemiology: evidence from a multivariate approach in a natural population of domestic cats (*Felis catus*)
Courchamp, F., Yoccoz, N. G., Artois, M. and Pontier, D. 227
***Pseudomonas aeruginosa* as a cause of infectious diarrhoea**
Adlard, P. A., Kirov, S. M., Sanderson, K. and Cox, G. E. 237

Book Reviews
Waterborne Disease 243
Drugs and Pregnancy 243

No. 2 (October 1998)

Rapid spread of the new clone of *Vibrio cholerae* O1 biotype El Tor in cholera endemic areas in India
Bag, P. K., Maiti, S., Sharma, C., Ghosh, A., Basu, A., Mitra, R., Bhattacharya, S. K., Nakamura, S., Yamasaki, S., Takeda, Y. and Balakrish Nair, G. 245
Changes in *Vibrio cholerae* O1 isolated in Romania during 1977–95
Israil, A., Nacescu, N., Cedru, Cl., Ciufecu, C. and Damian, M. 253
Phenotypic and molecular characterization of *Vibrio cholerae* O1 isolated in Samutsakorn, Thailand before, during and after the emergence of *V. cholerae* O139
Dalsgaard, A., Serichantalergs, O., Forslund, A., Pitarangsi, C. and Echeverria, P. 259
Crayfish: A newly recognized vehicle for vibrio infections
Bean, N. H., Maloney, E. K., Potter, M. E., Korazemo, P., Ray, B., Taylor, J. P., Seigler, S. and Snowden, J. 269
A campylobacter outbreak associated with stir-fried food
Evans, M. R., Lane, W., Frost, J. A. and Nylen, G. 275
A foodborne outbreak of *Campylobacter jejuni* (O:33) infection associated with tuna salad: a rare strain in an unusual vehicle
Roels, T. H., Wickus, B., Bostrom, H. H., Kazmierczak, J. J., Nicholson, M. A., Kurzynski, T. A. and Davis, J. P. 281
Molecular fingerprinting defines a strain of *Salmonella enterica* serotype Anatum responsible for an international outbreak associated with formula-dried milk
Threlfall, E. J., Ward, L. R., Hampton, M. D., Ridley, A. M., Rowe, B., Roberts, D., Gilbert, R. J., Van Someren, P., Wall, P. G. and Grimont, P. 289
Pathogenicity in isolates of *Salmonella enterica* serotype Enteritidis PT4 which differ in RpoS expression: effects of growth phase and low temperature
Humphrey, T. J., Williams, A., McAlpine, K., Jørgensen, F. and O'Byrne, C. 295
Multiple drug resistance patterns and plasmid profiles of non-typhi salmonellae in Turkey
Yildirmak, T., Yazgan, A. and Ozcengiz, G. 303

The long-term dynamics of tuberculosis and other diseases with long serial intervals: implications of and for changing reproduction numbers
Vynnycky, E. and Fine, P. E. M. 309
The effects of population density and malnutrition on the dynamics of whooping cough
Duncan, C. J., Duncan, S. R. and Scott, S. 325
Cohort study of serum total cholesterol and in-hospital incidence of infectious diseases
Iribarren, C., Jacobs Jr, D. R., Sidney, S., Claxton, A. J. and Feingold, K. R. 335
Removal of airborne bacteria by filtration using a composite microporous membrane made of a pyridinium-type polymer showing strong affinity with microbial cells
Kawabata, N. and Kawato, S. 349
A survey of risk factors for cryptosporidiosis in New York City: drinking water and other exposures
Davis, L. J., Roberts, H. L., Juranek, D. D., Framm, S. R. and Soave, R. 357
The rate of CD4 decline as a determinant of progression to AIDS independent of the most recent CD4 count
Cozzi Lepri, A., Sabin, C. A., Phillips, A. N., Lee, C. A., Pezzotti, P., Rezza, G. and the Italian Seroconversion Study 369
Experience of hepatitis A vaccination during an outbreak in a nursery school of Tuscany, Italy
Bonanni, P., Colombai, R., Franchi, G., Lo Nostro, A., Comodo, N. and Tiscione, E. 377
The risk of infection with HIV and hepatitis B in individuals who inject steroids in England and Wales
Crampin, A. C., Lamagni, T. L., Hope, V. D., Newham, J. A., Lewis, K. M., Parry, J. V. and Gill, O. N. 381
Maternal antibody to hepatitis B core antigen detected in dried neonatal blood spot samples
Tappin, D. M., Greer, K., Cameron, S., Kennedy, R., Brown, A. J. and Girdwood, R. W. A. 389
The relationships of chronic hepatitis and cirrhosis to alcohol intake, hepatitis B and C, and delta virus infection: a case-control study in Albania
Kondili, L. A., Tosti, M. E., Szklo, M., Costantino, A., Cotichini, R., Resuli, B., Rapicetta, M. and Mele, A. 391
Respiratory syncytial virus infection in children with acute respiratory infections in Zambia
Saijo, M., Terunuma, H., Mizuta, M., Mpabalwani, E. M., Monze, M., Oshitani, H., Luo, N., Suzuki, H. and Numazaki, Y. 397
Feline calicivirus as a model system for heat inactivation studies of small round structured viruses in shellfish
Slomka, M. J. and Appleton, H. 401
Viral haemorrhagic disease of rabbits and human health
Carman, J. A., Garner, M. G., Catton, M. G., Thomas, S., Westbury, H. A., Cannon, R. M., Collins, B. J. and Tribe, I. G. 409
A minority of seropositive wild bank voles (*Clethrionomys glareolus*) show evidence of current Puumala virus infection
Alexeyev, O. A., Ahlm, C., Elgh, F., Aava, B., Palo, T., Settergren, B., Tärnvik, A., Wadell, G. and Juto, P. 419
Experimental infection of ostriches with Crimean-Congo haemorrhagic fever virus
Swanepoel, R., Leman, P. A., Burt, F. J., Jardine, J., Verwoerd, D. J., Capua, I., Brückner, G. K. and Burger, W. P. 423
Survey on viral pathogens in wild red foxes (*Vulpes vulpes*) in Germany with emphasis on parvoviruses and analysis of a DNA sequence from a red fox parvovirus
Truyen, U., Müller, T., Heidrich, R., Tackmann, K. and Carmichael, L. E. 433
The prevalence of antibody to the viruses of bovine diarrhoea, bovine herpes virus 1, rift valley fever, ephemeral fever and bluetongue and to *Leptospira* sp in free-ranging wildlife in Zimbabwe
Anderson, E. C. and Rowe, L. W. 441
Antigen diversity of bovine viral isolates contradicts the concept of herd specific strain
Hamers C., Lambot, M., Onclin, M., Lecomte, C. and Pastoret, P.-P. 451
The persistence of swine vesicular disease virus infection in pigs
Lin, F., Mackay, D. K. J. and Knowles, N. J. 459
Serological titres to *Leptospira fainei* serovar hurstbridge in human sera in Australia
Chappel, R. J., Khalik, D. A., Adler, B., Bulach, D. M., Faine, S., Perolat, P. and Vallance, V. 473
Hepatitis A antibody prevalence among young adults in Israel – the decline continues
Gdalevich, M., Grotto, I., Mandel, Y., Mimouni, D., Shemer, J. and Ashkenazi, I. 477
PCR detection of *Chlamydia psittaci* in faecal samples from passerine birds in Sweden
Olsen, B., Persson, K. and Broholm, K.-A. 481

Book Review

Bootstrap Methods and their Application 485

No. 3 (December 1998)

Sustained reduction in the carriage of *Neisseria meningitidis* as a result of a community meningococcal disease control programme

Neal, K. R., Irwin, D. J., Davies, S., Kaczmarski, E. B. and Wale, M. C. J. 487

Acquisition and carriage of meningococci in marine commando recruits

Riordan, T., Cartwright, K., Andrews, N., Stuart, J., Burris, A., Fox, A., Borrow, R. Douglas-Riley, T., Gabb, J. and Miller, A. 495

Epidemiological characterization of methicillin-resistant *Staphylococcus aureus* isolated in the North West of England by protein A (*spa*) and coagulase (*coa*) gene polymorphisms

Walker, J., Borrow, R., Edwards-Jones, V., Oppenheim, B. A. and Fox, A. J. 507

A community outbreak of invasive and non-invasive group A beta-haemolytic streptococcal disease in a town in South Wales

El-Bouri, K. W., Lewis, A. M., Okeahialam, C. A. J., Wright, D., Tanna, A. and Joynson, D. H. M. 515

Previous respiratory tract infections and antibiotic consumption in children with long- and short-term carriage of penicillin-resistant *Streptococcus pneumoniae*

Gunnarsson, O. and Ekdahl, K. 523

Increase in paediatric acute otitis media diagnosed by primary care in two Finnish municipalities – 1994–5 versus 1978–9

Joki-Erkkilä, V.-P., Laippala, P., Pukander, J. 529

Ribotypes of clinical *Vibrio cholerae* non-O1 non-O139 strains in relation to O-serotypes

Dalsgaard, A., Forslund, A., Mortensen, H. F. and Shimada, T. 535

Detection of campylobacter in gastroenteritis: comparison of direct PCR assay of faecal samples with selective culture

Lawson, A. J., Shafi, M. S., Pathak, K. and Stanley, J. 547

Emergence of multidrug-resistant *Salmonella enterica* serotype Typhimurium phage-type DT104 among salmonellae causing enteritis in Israel

Metzer, E., Agmon, V., Andoren, N. and Cohen, D. 555

Risk factors for the occurrence of sporadic *Salmonella enterica* serotype *enteritidis* infections in children in France: a national case-control study

Delarocque-Astagneau, E., Desenclos, J.-C., Bouvet, P. and Grimont, P. A. D. 561

Salmonella infections in Norway: descriptive epidemiology and a case-control study

Kapperud, G., Lassen, J. and Hasseltvedt, V. 569

Evaluation of pulsed-field gel electrophoresis of genomic restriction fragments in the discrimination of *Yersinia enteroclitica* O:3

Asplund, K., Johansson, T. and Sütonen, A. 579

High turnover rate of *Escherichia coli* strains in the intestinal flora of infants in Pakistan

Alderberth, L., Jalil, F., Carlsson, B., Mellander L., Hanson, L.-A., Larsson, P., Khalil, K. and Wold, A. E. 587

P filmbriae and other adhesins enhanced intestinal persistence of *Escherichia coli* in early infancy

Adlerberth, I., Svanborg, C., Carlsson, B., Mellander, L., Hanson, L.-A., Jalil, F., Khalil, K. and Wold, A. E. 599

Low rates of ehrlichiosis and Lyme borreliosis in English farmworkers

Thomas, D. Rh., Sillis, M., Coleman, T. J., Kench, S. M., Ogden, N. H., Salmon, R. L., Morgan-Capner, P., Softley, P. and Meadows, D. 609

An outbreak of viral gastroenteritis associated with consumption of sandwiches: implications for the control of transmission by food handlers

Parasher, U. D., Dow, L., Fankhauser, R. L., Humphrey, C. D., Miller, J., Ando, T., Williams, K. S., Eddy, C. R., Noel, J. S., Ingram, T., Bresee, J. S., Monroe, S. S. and Glass, R. I. 615

Risk of human immunodeficiency virus infection and genital ulcer disease among persons attending a sexually transmitted disease clinic in Italy

Corona, R., Caprilla, F., Tosti, M. E., Gentili, G., Giglio, A., Prignano, G., Pasquini, P. and Mele, A. 623

Changing epidemiology of hepatitis A in the 1990s in Sydney, Australia

Ferson, M. J., Young, L. C. and Stokes, M.-L. 631

Immunosurveillance and the evaluation of national immunization programmes: a population-based approach
De Melker, H. E. and Conyn-van Spaendonck, M. A. E. 637
Seroepidemiological evaluation of 1989–91 mass vaccination campaigns against measles, in Italy
Grandolfo, M. E., Medda, E., Novello, F., Ridolfi, B. and the Study Group 645
A model-based evaluation of the national immunization programme against rubella infection and congenital rubella syndrome in The Netherlands
van der Heijden, O. G., Conyn-van Spaendonck, M. A. E., Plantinga, A. D. and Kretzschmar, M. E. E. 653
Detection of viruses and body fluids which may contain viruses in the domestic environment
Bellamy, K., Laban, K. L., Barrett, K. E. and Talbot, D. C. S. 673
Detection of the agent, of human granulocytic ehrlichiosis (HGE) in UK ticks using polymerase chain reaction
Guy, E., Tasker, S. and Joynson, D. H. M. 681
Infection rate of *Leptospira interrogans* in the field rodent, *Apodemus agrarius*, in Korea
Cho, M. K., Kee, S. H., Song, H. J., Kim, K. H., Song, K. J., Baek, L. J., Kim, H. H., Oh, H. B., Kim, Y. W. and Chang, W. H. 685
Characterization of a new genotype of measles virus detected in China and England
Jin, L., Sun, Y. J., Ge, L. and Brown, D. W. G. 691

Book Reviews
Manual of Infection Control Procedures 699
New & Resurgent Infection, Prediction, Detection & Management of Tomorrows Epidemics 699
